

sauna & steam

Helo Ringo

The Ringo Black is impressive high-quality heaters for a reasonable price. The heater has been designed for Finnish family saunas. The pillar-like structure provides soft but strong steam as the sturdy container holds 70 kg of sauna stones.

There are two different models: the stylish Ringo Black with honeycomb-shaped outer shell and the Robust Black enclosed in special-coated protective panels.

The heater are easy to install and a joy to use. The heater is floor-mounted, levelled with adjustable legs and then mounted to a wall or a sauna bench. The clear and user-friendly controls can be found in the bottom panel of the heater. The heater is controlled with a thermostat and a 12-hour timer, with a 9-hour presetting timeframe and a warming time of 0–3 hours.

Statistics: Ringo 60 STJ
